

Taisei is helping to build assets for a new century.

Taisei now is one of the largest construction and engineering companies in the world.

Our present size and scope was built upon a strong foundation comprising a sound command of our methods and technology.

Our operations are not limited to Japan alone but are on a worldwide scale.

Taisei has completed projects, or is presently engaged in projects in over twenty nations throughout Asia, Europe, the Middle East, Africa and Latin America. With human resources, technological know-how and wealth of experience, it has made vast contributions in constructing hotels, hospitals, industrial plants, power plants, dams irrigation...
