 Faculty of Commerce and
 Business

THE FUTURE *We'll be there!*

**IMAGINATION AND INGENUITY—
FREE TO SOAR**

We're not just a steel company any more. NIPPON STEEL is taking off in new directions to meet the needs of a changing world. Building on our strong foundation of research ability, human resources, market knowhow, and the wealth of experience we have developed in designing, building, and operating our major steel facilities, we are currently advancing into new areas of promising and expanding enterprises and technologies. Steelmaking and steel-related engineering and construction will remain our mainstay, but you will see us as a full-range supplier of industrial materials, and a corporation involved in a wide spectrum of new businesses, including such fields as electronic equipment, information processing, and telecommunications. We are the new NIPPON STEEL — and we plan to be part of your future — whatever your requirements are and wherever you may be.

NIPPON STEEL

The resourceful company!
